

## Department G Farm Produce

Superintendents:

*Ken Clark*

*Anna Mae Clark, AdHoc*

Entry Fee is 10% of 1<sup>st</sup> place premium.

**Entries close Monday, July 8, at 6pm.**

**Entries made in the wrong class will be disqualified.**

Only 1 premium will be awarded when there is no competition, either 1<sup>st</sup> or 2<sup>nd</sup> as the judges may determine.

**Entries must be brought in on Monday, July 15, between the hours of 9am and 5pm.**

**Entries may be removed Monday, July 22, between the hours of 11am and 6pm.**

### Section 1: Field crop seeds

Any grains which have been treated with poisonous substances shall not be shown and, if offered in competition, will be removed.

All entries in this section must have been grown, harvested, selected, and prepared by the exhibitor during either the year exhibited or the preceding year. Exhibits known to be older will be disqualified. The variety and the year in which the exhibit was grown must be stated on the exhibitor's tag.

The seed value of exhibits will be emphasized in the judging. Grains clipped, scoured or bleached may be disqualified at the discretion of the judges, since grains treated are objectionable for seed purposes. In judging seed value, the following factors will be considered:

- Purity of the seed. Relative freedom from weed seeds, seeds of other crop plants, dirt, chaff, sprouted kernels and broken kernels.
- Relatively free from obvious diseased seeds.
- Relative freedom from mixtures of other varieties.
- Probable viability of the seed, as indicated by its physical conditions.
- Uniformity of the seed as to size, shape and color.
- Trueness to type. All exhibits should be correctly named as to variety. Exhibits that are distinctly off-type or misnamed will be disqualified.

Quantity: Peck (no more, no less)

Prize Money: 1<sup>st</sup> \$5 2<sup>nd</sup> \$3 3<sup>rd</sup> \$2

- Soy beans
- Buckwheat
- Oats
- Rye
- Barley
- Winter wheat, white
- Winter wheat, red
- Shelled corn

### Field corn ears, popcorn ears

The early date of this fair makes it generally impossible to obtain typical ear samples of most varieties of corn from the current year's crop. Since it is also unwise to have old and new corn entered in the same competition, only earcorn grown in 2001 may be entered in the following classes:

- Field corn, early season hybrid, 70-85 days
- Field corn, mid season hybrid, 85-105 days
- Field corn, long season hybrid, 105+ days
- Indian corn
- Popcorn, white
- Popcorn, yellow

### Section 2: Sheaves of cereals, forage, hay and silage crops

All sheave exhibits must have been grown by exhibitor during the current season. Sheaves of cereals will be judged on the same basis as field crop seeds (see Section 1) and must be correctly labeled with variety name.

Quantity: Sheaf

Prize Money: 1<sup>st</sup> \$5 2<sup>nd</sup> \$3 3<sup>rd</sup> \$2

Prize Money: 1<sup>st</sup> \$5 2<sup>nd</sup> \$3 3<sup>rd</sup> \$2

47 Corn silage

Quantity: Entry must be a 3 lb sample displayed in a clear plastic bag and tied. Entry must contain 75% moisture or less.

Prize Money: 1<sup>st</sup> \$5 2<sup>nd</sup> \$3 3<sup>rd</sup> \$2

**Section 3: Vegetables**

All vegetables must be plainly labeled. Varieties distinctly off type will be disqualified. Judging will be based on freedom from injury, uniformity in shape, size and color and of the best market size and quality.

All vegetables must be grown by exhibitor.

Sweet corn must be picked from the stalk and husks removed. Onions must be clean and dried, but not peeled.

**1-inch tops must be left on beets, carrots, rutabagas and turnips.**

Cauliflower, lettuce, swiss chard and endive must be cleaned and trimmed.

#### Rules and Regulations for Sections 9-15

1. All fruit must be labeled and grown by the exhibitor in Saratoga County. All fruit must be grown during exhibit year. Each variety, except plums and grapes, shall be represented by a plate containing 5 specimens; plums, by a plate containing 10; grapes, by a plate containing 3 bunches. Articles entered singly may not be included in the exhibition or in collections.
2. Prizes will not be awarded for exhibits that are unworthy.
3. When an exhibit is not labeled with correct name of variety or varieties, it is disqualified. If one or more specimens in any plate is not labeled, the whole exhibit is disqualified.
4. Collections will be judged upon excellence of the varieties for the purpose intended, as well as for quality of fruit.
5. In placing awards the judge will be guided by the following standards of excellence, and exhibitors would do well to select their fruit on the same basis.

a. *Freedom from blemish.* Show fruit should be absolutely free from marks of fungus or physiological trouble, including stippin and watercore, insect injuries of all kinds, and mechanical injury such as loss of stem, burn, russet, limb rub, and bruises.

b. *Color.* All specimens in an entry should be of a uniform color. With red apples, the more color the better. In yellow or green apples, the colors should be clear and even all over.

6. Although uniformity is not listed as a separate item, it is considered under each of the headings, color, size and form. Uniformity refers to exact resemblance in color, size and form of the specimens making up a plate or exhibit.
