SHERIFF'S GREETING

Welcome to the 2025 Saratoga County Fair!

As the weather slowly warms, it is not hard to see the light at the end of the tunnel and winter in our rearview mirror. Of all the things this great county offers, the Saratoga County Fair ranks at the very top.

It is a fair like none other; it has a personality of its very own. From the moment you walk in the gates off Fairground Avenue or Prospect Street, the sights, sounds, and smells are unmistakable. The electricity in the air is almost visible.

If you go back to the beginning of the fair in 1841, despite the obvious, what has really changed? It is still a place where people get together and, as Billy Joel would say, "[to] forget about life for a while." A place where, despite how long it has been since you've seen each other, it feels like no time has elapsed. Where your neighbor's pride in his livestock and horses is as genuinely shared as the laughter of children going on a ride for the first time.

In my 48 years of law enforcement – 11 as your Sheriff – the Saratoga County Fair is something I genuinely look forward to every year. I hope that you get to experience everything the fair has to offer and look forward to seeing you there.

Michael H. Zurlo
Saratoga County Sheriff

Wash Your Hands

NO EATING, DRINKING or SMOKING ALLOWED IN ANY ANIMAL EXHIBIT or CONTACT AREA!

The Saratoga County Fair asks visitors to follow posted signs and practice safe hygiene when visiting our Fairgrounds. Interacting with animals is an important part of the fair experience. Despite the many benefits of interacting with animals, people should be aware that animals can carry germs that make people sick.

Animal born disease can cause a variety of illnesses, from minor skin rashes to serious infections. Diseases that pass from animals to humans are called zoonotic diseases and can include E. coli, Salmonella and Campylobacter. Older adults, pregnant women, young children and people with weakened immune systems may be especially vulnerable. By following some simple health tips, you and your family are less likely to get sick from touching or being around animals at the Fair.

Fair visitors should wash their hands with soap and water before and after touching any animal and never eat, drink or put anything in your mouth while in an animal exhibit or contact area. We also encourage parents and caregivers to consider leaving strollers outside and carry small children when visiting in these areas.

Adults should supervise hand washing for young children making sure children wash hands properly with soap and water after interaction with animals. Use hand sanitizer if soap and water are not readily available. The Saratoga County Fair has Hand Sanitizer Stations located in primary areas on the Fairgrounds to supplement our restroom sinks. These stations are available in food areas as well as in animal contact areas.

(Handwashing Step Cards available at Saratoga County Public Health)

JM Productions, Inc. is a family entertainment industry specialist. They have been producing family entertainment from their office in Western New York for over 44 years.

In 1963, W. Jay Milligan Sr. was asked to put on a demolition derby at the Erie County Fair in his hometown of Hamburg, NY (which is just south of Buffalo). He was then asked to produce demos at other fairs in the Area. The success at these fairs brought about the incorporation of JM Productions.

NYTPA

The NYTPA event on Friday at 7:00 p.m. at the Saratoga County Fair features Super Stock Tractors and 2-Wheel Drive Trucks.

The Two-Wheel Drive class is considered the funny cars of pulling. These wheel standers run with fiberglass S-10 Chevy bodies, Dodge Dakotas, Ford Super duties and 23 Ford T-buckets. You name it and they are running it. They are producing upwards of 2,500 horsepower, from after market engines such as a Keith Black Hemi and the Fontana Arias to more common BBF and BBC engines from Fords and Chevys. They are allowed up to 575 cubic inches and can use superchargers or turbos burning methanol for fuel. These machines all use slipper clutches with a gearbox. They have Rockwell rear ends with planetary gears. The Dick Cepek tires can produce wheel speeds up to 80

mph. The maximum weight of the vehicle is 6,200 pounds and are allowed 15 feet from center of rear axle to furthest point forward of the cab and weight box.

The Super Stock tractor class allows four different types of tractors in the same class. Weights and regulations make this class very competitive. Super Stocks weigh 8,500 lbs and are limited to three turbo stages and 30.5 x 32 tires. The alcohol Super Stocks limit is 504 cid and weigh in at 7,500 lbs.

4X4 TRUCK PULL

The ground pounding action for Saturday's 4x4 Truck Pull include Superstock trucks, street diesel trucks and stock gas trucks. The afternoon Four-Wheel-Drive Pull starts at 4 p.m., the evening show starts at 7:30 p.m. and both are free with your paid admission to the Fair.

GARDEN TRACTOR PULLS

Tractor pulling started many years ago with farmers looking for a friendly competition, socialization and most importantly bragging rights. As time has passed and many things in life have changed these desires have remained the same. We have gone from just stock farm tractors to a wide variety of pulling classes. We have antiques, enhanced antiques, farm stock and super farm stock to name a

What began as a creative experiment quickly launched Brian into worldwide acclaim. His work has been featured at festivals, exhibitions, and live shows. A true pioneer in the field of performance chainsaw carving, Brian's artistry has helped elevate the craft into a respected and thrilling form of entertainment.

Brian's shows combine high-speed carving, jaw-dropping skill, and educational commentary, giving audiences a front-row seat to the entire transformation process—from tree trunk to treasure. Whether it's a majestic eagle, a fierce bear, or a whimsical woodland creature, every sculpture tells a story carved in wood and brought to life with precision and passion.

Don't miss this one-of-a-kind demonstration of talent, technique, and adrenaline-pumping creativity that's fun for the whole family!

No visit to the fair is complete without indulging in favorite treats like candy apples, sno-cones, cotton candy, funnel cakes, and sausage sandwiches, all available in abundance.

Amusements of America is a family-owned company now operated by the third generation of the Vivona family.

The company was founded by Antonio Vivona in 1939 following the New York World's Fair, and in 1995 it earned the title of "World's Largest Traveling Amusement Park" from the Guinness Book of World Records.

Known for its integrity, reliability, and strong partnerships with some of North America's oldest and largest fairs, Amusements of America continues to set the standard for safety and quality.

All equipment is thoroughly refurbished each winter at the company's South Carolina maintenance facility, which includes a state-of-the-art paint shop, ride repair shop, and automotive shop. Regular inspections are performed both in-house and by local and state inspectors to ensure all rides meet or exceed safety standards.

PAPER MARBLING DEMONSTRATIONS

JOHN C. BIELIK - TRADITIONAL PAPER ARTISAN

John C. Bielik is a traveling artisan and historic trades interpreter specializing in the traditional crafts of papermaking, bookbinding, and paper marbling. With degrees in fine arts from Missouri State University and Virginia Commonwealth University, John brings decades of experience as an artist, teacher, and historian to his work.

His passion for preserving early American craftsmanship has taken him across the country, where he has taught and demonstrated at historic sites, museums, fairs, and festivals in over a dozen states. His past appearances include the Shelburne Museum in Vermont, Dollywood's Harvest Celebration in Tennessee, Historic Deerfield in Massachusetts, and the New York State Fair, among many others.

John's handmade paper products are sold at Colonial Williamsburg and other historic retail locations. His work has been featured in Early American Life magazine and selected for the Directory of Traditional American Crafts.

John sees himself not as an artist, but as a preservationist—dedicated to keeping the traditional skills of early American paper arts alive for future generations.

Learn more at www.periodpaperartisan.com or shop his work on Etsy at MarbledPaperArtisan.

ADIRONDACK TRUST COMPANY HORSE SHOW RING

NORTH AMERICAN CLASSIC SERIES

SIX-HORSE HITCH

One of the most anticipated events of the Saratoga County Fair returns Tuesday, July 22, at 6 p.m. with the North American Classic Series Six-Horse Hitch.

This awe-inspiring showcase draws international attention, with teams traveling to Ballston Spa from across the Northeastern United States and Canada. "The average weight of each horse is 2,000 pounds, each harness adds 150 pounds, and the wagon itself weighs around 3,000 pounds—totaling approximately 16,400 pounds per six-horse hitch," notes horse trainer Julie Armer Carson. "The ground truly rumbles when they move around the ring."

The Open Draft Horse Show highlights the strength, precision, and elegance of these powerful animals, all adorned in finely polished harnesses and pulling beautifully crafted wagons. It's a can't-miss event featuring top-tier competitors from both Saratoga County and beyond.
